

Safety Data Sheet

Prepared by GB/T 16483-2008 and GB/T 17519-2013

Product name: Hyper PLA 3D Filament

Revision Date: 2023.3.3

Issue date: 2023.3.3

SDS Number:

Version: 1.0

Section 1 Identification of the substance/mixture and of the company/undertaking

Product identifier

Product name: Hyper PLA 3D Filament

Relevant identified uses of the substance or mixture and uses advised against:

identified uses: 3D Printing Filament

Uses advised against: Not available

Details of the supplier of the safety data sheet:

Supplier(Manufacturer): Shenzhen Creality 3D Technology Co., Ltd

Address: 18F,JinXiuHongDu Building, Meilong Blvd.,Longhua Dist., Shenzhen, China 518131

E-mail: info@creality.com

Telephone: +86 755-8523 4565

Section 2 Hazards Identification

Inhalation: Under the molten state , the gas produced by raw materials may induce some stimulation to the respiratory organs

Eye contact: Solid or particle shape materials may cause some stimulation to the eyes in eye contact.

Skin contact: Under general condition, will not cause stimulation to skin.

Chronic response: None Carcinogenicity: None

Section 3 Composition/information on ingredients

Ingredient Name	CAS No.	Content (%)
Polylactic Acid	9051-89-2	>98

This product does not contain hazardous ingredients above cut-off value according to Regulation (EC) 1272/2008.

Section 4 First aid measures

In case of inhalation: Remove to fresh air. If required, provide artificial respiration. Keep patient warm. Consult doctor if symptoms persist.

In case of skin contact: Instantly wash with plenty of soap and water thoroughly.

In case of eyes contact: Immediately flush eyes with plenty of water, lifting upper and lower eyelids occasionally. Get medical attention if irritation persists.

In case of ingestion: If large amounts were swallowed, get medical advice.

Most important symptoms and effects, both acute and delayed:

The product is not classified as harmful to human health effect

Indication of any immediate medical attention and special treatment needed:

If skin irritation or rash occurs, get medical advice/attention.

Section 5 Firefighting measures

Safety Data Sheet

Prepared by GB/T 16483-2008 and GB/T 17519-2013

Product name: Hyper PLA 3D Filament

Revision Date: 2023.3.3

Issue date: 2023.3.3

SDS Number:

Version: 1.0

Extinguishing media:

Suitable extinguishing media:

CO2, extinguishing powder or water jet. Fight larger fires with water jet or alcohol-resistant foam.

Unsuitable extinguishing media:

Not available.

Special hazards arising from the substance or mixture:

Combustion may produce carbon oxides, nitrogen oxides.

Advice for firefighters:

Firemen must wear self-contained breathing apparatus, fire body clothing, with mist water cooling exposed in the container in the fire, until all the fire has been extinguished. Contain and treat fire water to prevent chemicals from entering the environment.

Section 6 Accidental release measures

Personal precautions, protective equipment and emergency procedures:

Personal Precautions:

None needed

Environmental precautions:

None needed

Methods for Cleanup:

Vacuum or sweep up and place in a standard disposal container. Avoid the use of air jets.

Section 7 Handling and storage

Precautions for safe handling:

Protective measures:

Provide appropriate exhaust ventilation at places where dust is formed.

Advice on general occupational hygiene:

Do not eat, drink and smoke in work areas. Wash hands after use. Remove contaminated clothing and protective equipment before entering eating areas.

Conditions for safe storage, including any incompatibilities:

Keep container closed in a cool, dry place.

Specific end use(s):

Not applicable.

Section 8 Exposure Controls/Personal Protection

Exposure Guidelines:

Fiber dust should be considered a nuisance dust, i.e. particulates (not otherwise classified): ACGIH Threshold Limit Value: 10mg/m³ total dust; 3-mg/m³ respirable dust.

Engineering Controls:

Local exhaust recommended to reduce exposure to fiber dust.

Specific Personal Protective Equipment:

Respiratory:

For operations where inhalation exposure can occur, a NIOSH approved dust mask/respirator is recommended.

Eye/face protection:

Safety goggles.

Hand protection:

Wear protective gloves.

Body protection:

Wear protective clothing.

Thermal hazards:

Wear suitable protective clothing to prevent heat.

Safety Data Sheet

Prepared by GB/T 16483-2008 and GB/T 17519-2013

Product name: Hyper PLA 3D Filament

Revision Date: 2023.3.3

Issue date: 2023.3.3

SDS Number:

Version: 1.0

Environmental exposure controls: Avoid discharge into the environment. According to local regulations, Federal and official regulations.

Section 9 Physical and chemical properties

Information on basic physical and chemical properties:

Appearance:	Solid
Color:	White, black, red, yellow, blue, black, grey, orange, green
Odor:	Not available
Odor threshold:	Not available
pH:	Not available
Melting point/range (°C):	190°C
Boiling point/range (°C):	Not available
Flash point (°C):	Not available
Evaporation rate:	Not available
Flammability limit - lower (%):	Not available
Flammability (solid, gas):	Not available
Ignition temperature (°C):	Not available
Upper/lower explosive limits:	Not available
Vapour pressure (20°C):	Not available
Vapour density:	Not available
Relative Density:	1.24g/cm ³
Bulk density (kg/m ³):	Not available
Water solubility (g/l):	Insoluble
n-Octanol/Water (log Po/w):	Not available
Auto-ignition temperature:	Not available
Decomposition temperature:	250 °C
Viscosity, dynamic (mPa.s):	Not available
Explosive properties:	Not available
Oxidising properties:	Not available
Molecular Formula:	Not available
Molecular Weight:	Not available

Other information:

Fat solubility(solvent-oil to be specified) etc:	Not available
Surface tension:	Not available
Dissociation constant in water(pKa):	Not available
Oxidation-reduction Potential:	Not available

Section 10 Stability and reactivity

Reactivity:	The substance is stable under normal storage and handling conditions.
Chemical stability:	Stable at room temperature in closed containers under normal

Safety Data Sheet

Prepared by GB/T 16483-2008 and GB/T 17519-2013

Product name: Hyper PLA 3D Filament

Revision Date: 2023.3.3

Issue date: 2023.3.3

SDS Number:

Version: 1.0

Possibility of hazardous reactions:	storage and handling conditions.
Conditions to avoid:	No dangerous reactions known.
Incompatible materials:	Incompatible materials.
Hazardous decomposition products:	Strong oxidizing agents
	Carbon oxides.

Section 11 Toxicological information

Information on toxicological effects:

Acute toxicity: LD50(Oral, Rat):	Not available
LD50(Dermal, Rabbit):	Not available
LC50(Inhalation, Rat):	Not available
Skin corrosion/Irritation:	Not classified
Serious eye damage/irritation:	Not classified
Respiratory or skin sensitization:	Not classified
Germ cell mutagenicity:	Not classified
Carcinogenicity:	Not classified
Reproductive toxicity:	Not classified
STOT- single exposure:	Not classified
STOT-repeated exposure:	Not classified
Aspiration hazard:	Not classified

Section 12 Ecological information

Toxicity:

Acute(short-term) toxicity:	
LC50(96h, Fish):	Not available.
EC50(48h, Crustacea):	Not available.
EC50(72h, Algae/aquatic plants):	Not available
Chronic (long-term) toxicity:	
NOEC(Fish):	Not available.
NOEC(Crustacea):	Not available.
EC50(Algae/aquatic plants):	Not available.
Persistence and degradability:	Not available.
Bioaccumulative potential:	Not available.
Mobility in soil:	Not available.
Results of PBT and vPvB assessment:	Not available.
Other adverse effects:	Not available.

Section 13 Disposal considerations

Waste treatment methods:	Any disposal practice must be in compliance with all local and national laws and regulations. Do not dump into any sewers, on the ground, or into any body of water.
--------------------------	--

Safety Data Sheet

Prepared by GB/T 16483-2008 and GB/T 17519-2013

Product name: Hyper PLA 3D Filament

Revision Date: 2023.3.3

Issue date: 2023.3.3

SDS Number:

Version: 1.0

Section 14 Transport information

Labels Required

Marine Pollutant: NO

Not Regulated For Transport Of

Dangerous Goods: ADR, IATA, IMDG, ADN

Section 15 Regulatory Information

Regulations: The product needs to follow local regulations.

International:

Canada: DSL/NDL: Included on the Canadian Domestic Substance List.

Canada: WHMIS: Not a controlled product.

Europe: Not classified as dangerous according to Directive 1999/45/EC.

UN: Does not appear on the Dangerous Goods List.

Federal(U.S.): EPA: Not regulated.

OSHA: Not hazardous under the criteria of Occupational Safety and Health.

Standard 29 CFR 1910 Subpart Z.

State:

CA: Proposition 65: Does not contain chemicals known to the State of California to cause cancer or reproductive toxicity.

Section 16 Other information

This information is based on our present knowledge. However, this shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.
